Vol. 8 No. 3 - March 2021

The Verbal History Project

The West Highland White Terrier Club of America Verbal History Project represents an excellent opportunity to learn about the past 50-year history of the national club through the words of the 25 Year Members. Approximately 60 members of this elite group have shared their experiences in how they started with our beloved breed, who their mentors were, their most memorable moments in Westies, their favorite Westies, the best Westie authors and artists in their opinions, their views on the future of the breed and the advice they would impart to current and future Westie enthusiasts.

This group represents over 2,000 combined years of Westie devotion and experience, and their biographies represent an enormous wealth of knowledge and advice about the breed. The 25 Year Members are both show and performance enthusiasts and pet people, but they all share one common characteristic - a deep and lasting love for West Highland White Terriers.

This Verbal History Project represents only a beginning, not an end. Each year brings more members into the 25 Year club, and they, as along with all current 25 Year Members who have yet to submit a biography, are invited – no, urged to share their experiences and thoughts on this site.

If you are a previous or present 25-Year member and have not submitted a biography, you still can participate. All 25 Year Members can submit their 1 to 3 page biographies, preferably in electronic format, to me, **Gloria Pasquini** at bonniebay@roadrunner.com or mail to me at 30 Bonnie Bay Way, Alfred, ME 04002. Biographies will be edited and sent back to the authors for their final approval before being added to the master on-line file. If you have any questions or need help in writing your biography, please contact me at my e-mail address above.

To read what 25-Year members have submitted and enjoy their experiences in the Wonderful World of Westies, please visit www.westieclubamerica.com and click on the drop down menu under “The WHWTCA.” Then click on “Verbal History Project.”

A new feature article for The Imprint will spotlight a biography of one or two of our past or present 25-year members. Yours could be one!

We haven't had any news for some time now, as NOTHING has been happening. But now we are being optimistic, or foolish enough, to consider having our specialty again this summer.

We're making plans with the Steel Valley Cluster in Canfield for the weekend of August fifth through eighth. We will have puppy sweeps on Saturday and Sunday, adding veteran sweeps to Sunday's events for the specialty. Lee Trudeau will judge Saturday and Betty Williams on Sunday. I know the regular class judges for those two days; Jan Parcel on Saturday and Peggy Beisel-McIlwaine on Sunday. We'll publish Thursday and Friday as names are available.

We might have a building, we might be outside. Our state Governor said yesterday that if things continue to improve with the pandemic, there could be fairs and festivals and sporting events this summer. So I'm assuming that could include dog shows. Maybe without spectators, but we can all wear masks and social distance, just to get together again. Most of us haven't been together since Louisville in March 2020. I know someone must have had a litter or two in that time to show off at sweeps.

WHWTCNO

The San Francisco Bay West Highland White Terrier Club (SFBWHWTC) would like to wish all of those affected by the winter storms our best and hope that you and your families will soon be out of harms way.

We are currently working on our Spring specialty this year, on July 10, 2021 at the Lodi Grape Festival Grounds in Lodi, California. Due to the COVID-19 restrictions the Northern California Terrier Association was forced to cancel the show in April. SFBWHWTC will be supporting the show on July 9 and holding our specialty and sweepstakes on July 10. We will also support the Sacramento Dog Club shows on July 11 and 12. Our annual Fall Specialty will be held on October 30, 2021 in Dixon, California.

The Club members are busy planning for our 50th Anniversary Spectacular Specialty and Sweepstakes on October 29, 2022. There will be many exciting events planned and we will support the Sacramento Valley Dog Fanciers Association Show on October 30, 2022. Dixon is close to the Napa Valley, San Francisco, and Sacramento areas. Please let Lisa Blutman (lisa.blutman@aol.com) or Gail Krieger (gailaurie@hotmail.com) know if you think you can join us and if you need special arrangements to attend. We are 20 minutes from the Sacramento International Airport.

SAVE THE DATE!

Our Annual Specialty Show in conjunction with Rocky Mountain All Terrier Club is planned for Friday, September 10, 2021 in Greeley, CO, followed by the Evergreen Kennel Club shows September 11 and 12.

Thank you,
Lisanne Smith

CALLING ALL WESTIES

The Westie Foundation of America (WFA) is working with Dr. Elia Tate-Wojno, Cornell University on an Atopy study needing more blood samples. This work is testing the theory that allergic disease will have a different immunologic profile than normal dogs.

We need blood samples from 10 Inhalant Allergic Westies and 10 Food Allergic Westies. The criteria require that the dog not be on corticosteroids for at least 2 weeks and not have other pre-existing disease such as Cushings, Diabetes, Addisons, KCS, etc. Please email me (kmccash@aol.com) if you are interested in

participating.

Protocol: Westie peripheral blood collection and immune cells analysis

1. Assess if Westie is a potential participant in the study. Participants must be allergic OR non-allergic, any age, either sex. Westies that suffer from a chronic inflammatory disease other than allergy, including KCS, Addison’s Disease, Cushing’s Disease, IPF, cancer, IBD, diabetes, or arthritis are NOT eligible. Westies that have been treated with corticosteroids in the last 2 weeks are NOT eligible.
2. Contact Seth Peng (Lab Manager, Tait Wojno lab) at sap226@cornell.edu to request a collection tube and shipping information. Mr. Peng will provide you with the number of tubes you require via mail.
3. Present client consent and study; obtain consent from informed owners.
4. Administer Participant Form and Allergy Questionnaire (see attached) to the participant’s owner. Regardless of the outcome, proceed to blood collection.
5. Collect peripheral blood (≤5 mL) from the participating dog using provided violet capped K2 EDTA tube (any blood collection site is fine).
6. Seal the tube with parafilm and place it in a shipping box on ice in secondary containment.
7. Ship the tube via FedEx using the information provided to you by Mr. Peng:
Dr. Elia Tait Wojno, c/o Mr. Seth Peng
Baker Institute for Animal Health
Cornell University
235 Hungerford Hill Rd.
Room 135
Ithaca, NY 14850
(607) 256-5632
edt42@cornell.edu
Scan and email the completed Participant Form and Allergy Questionnaire to sap226@cornell.edu or fax to (607) 256-5608.
8. Cornell FEDEX account number: 106376387.
9. Collections should be shipped Monday – Wednesday in order to arrive by Fridays.
